Sign-On Tips

- Do not create more than one account:
  - If you have problems, do not start over, as we must work through the issues on that account. Contact PhORCAS staff if you need additional assistance.

- Trouble signing-on? Check that you are using the correct portal link!
  - If you Google "PhORCAS", the applicant portal comes up first. Some of your reference writers will try to sign into the applicant portal instead of the generated link provided to them.

ASHP Match Rules & Eligibility

Each applicant must accept the Match Agreement when they register to participate in the Match. Make sure to read it thoroughly.

American Society of Health-System Pharmacists
RESIDENT MATCHING PROGRAM

APPLICANT AGREEMENT

I plan to apply for a postgraduate year one (PGY1) or postgraduate year two (PGY2) pharmacy residency position to start training between June 1, 2022 and December 31, 2022. In order to participate in the American Society of Health-System Pharmacists ("ASHP") Resident Matching Program (the "Match"), I agree:

1. To abide by the Rules of the ASHP Pharmacy Resident Matching Program ("ASHP Match Rules") as shown on the Match website (natmatch.com/ashprmp), which are incorporated by reference in and are an integral part of this Agreement.

2. To abide by the Schedule of Dates of the Match as shown on the Match website (natmatch.com/ashprmp), which is incorporated by reference in and is an integral part of this Agreement.

3. To provide complete and accurate information to the Match and to all residency programs to which I apply.

4. Not to make any commitment to or contract with any program registered for the Match prior to the release of the results for Phase I of the Match, except that if I am currently a PGY1 resident I may commit to a PGY2 residency position that is offered to me in accordance with the Early Commitment Process. Furthermore, if I do not obtain a position in Phase I of the Match or through the Early Commitment Process, I agree not to make any commitment to or contract with any program registered for the Match prior to the release of the results of Phase II of the Match. If I choose to accept a position either at a program that is not registered for the Match or at a registered program in accordance with the Early Commitment Process, or if I decide not to participate in the Match for any other reason, then I will submit a withdrawal from the Match, and will not submit a Rank Order List for the Match.

5. To accept appointment to the program with which I am matched. I cannot avoid accepting appointment to or attending the program with which I am matched without a written release from the program concerned; also, another program registered for the Match cannot offer me a position unless I have this release.

6. To pay to National Matching Services Inc. (NMS) a non-refundable, non-transferable, irrevocable fee of $160.00 USD to register for the Match for positions beginning in 2022.

I am free to make contact with any program registered for the Match in which I am interested, to apply to as many of these programs as I wish, and to rank them according to my judgment.

I may freely discuss any matter with a program that does not include the sharing of ranking information. Programs may voluntarily inform me as to whether or not I remain under consideration for admission, but are not obliged to do so. I must never request ranking information from a program, and programs must never request ranking information from me. Prior to the release of the Phase II Match results, neither party (applicant or program) may disclose to the other party any

The Match

2022 Match Conducted in Two Phases

Phase I:

All applicants and programs submit their Rank Order Lists by the Rank Order List deadline for Phase I of the Match. The matching algorithm will be processed using those Rank Order Lists to place applicants into positions. The results of Phase I of the Match will then be distributed to applicants and programs.

2022 Match Conducted in Two Phases

Phase II:

Programs with unfilled positions in Phase I of the Match will offer those positions to unmatched applicants in Phase II of the Match.

All applicants seeking positions after Phase I and all programs with available positions after Phase I submit their Rank Order Lists by the Rank Order List deadline for Phase II of the Match. A second match will be carried out using those Rank Order Lists, and the results of Phase II of the Match will then be distributed.

Post Match: The Scramble

After the results of Phase II of the Match are released, a Post-Match process will be implemented, in accordance with <u>ASHP Match Rules</u>, to assist applicants who are still seeking a residency to be placed into programs with positions available.
